

*Elucidating the functions of inositol
pyrophosphate
messengers with chemical tools*

Prof. Dorothea Fiedler

Leibniz-Forschungsinstitut für
Molekulare Pharmakologie, Berlin

room CP-02-182, new chemistry building

Wednesday, 16.05.2018, 1 pm

This lecture is jointly organized by the local section of the GDCh and the
Lecture Series – Modern Drug Discovery.

If you wish to meet the speaker, please contact Dr. Andreas Brunschweiger
(andreas.brunschweiger@tu-dortmund.de)
